Kasselman Security Services 24/7 Control Room

1. 24/7 Armed Response

A vehicle patrol service as offered by **Kasselman Security Services** is a perfect solution for small and medium sized commercial, industrial, retail, and residential properties that do not want an officer dedicated on an hourly basis. Our vehicle patrol officers monitors your alarm system and quickly respond to its signals and conduct an inspection. If our patrol officers discover unsecured doors or windows an investigation is conducted to determine if a crime has been committed. If criminal activity is discovered, law enforcement will be notified immediately and our office will contact you.

2. Cash-In-Transit

Kasselman Security Services offers cash-in-transit services to local businesses for safe transporting of money & valuable assets. Kasselman utilises effective strategies and procedures in all cash-in-transit operations that are managed from their control room.

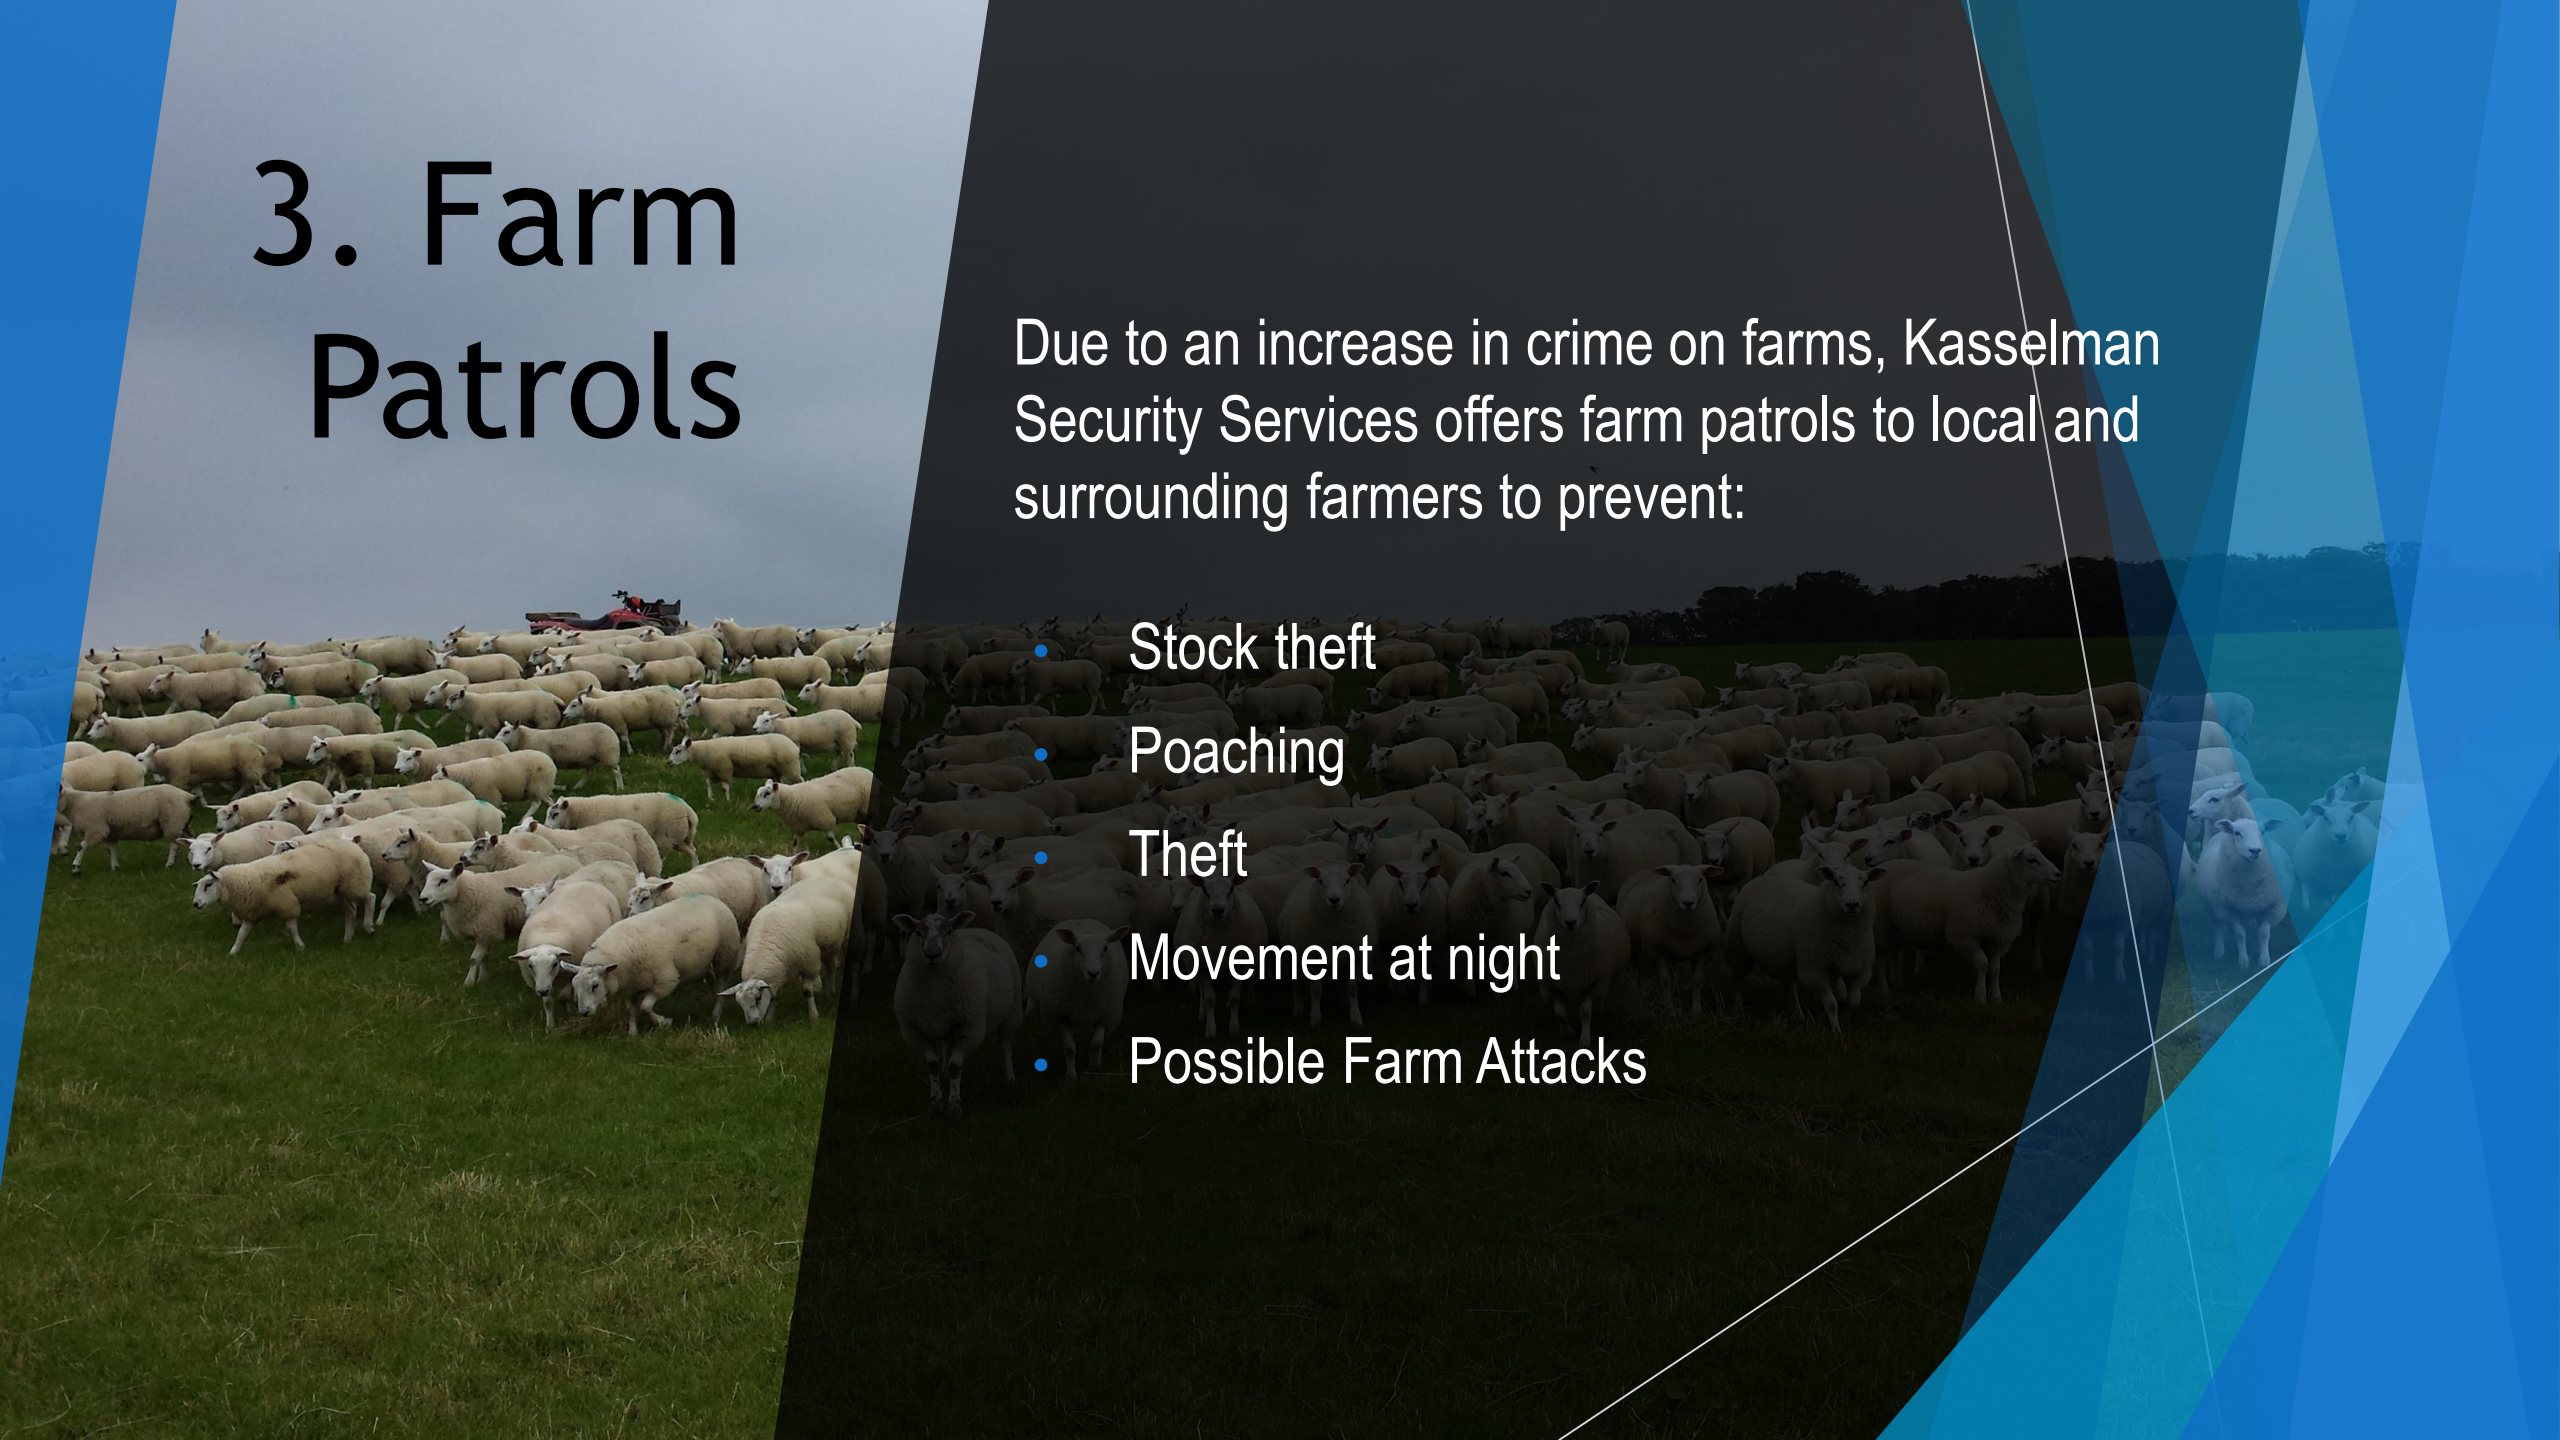

All the cash-in-transit vehicles are equipped with armour-plates to ensure safe and secure transporting of money & goods.

3. Farm Patrols

Due to an increase in crime on farms, Kasselman Security Services offers farm patrols to local and surrounding farmers to prevent:

- Stock theft
- Poaching
- Theft
- Movement at night
- Possible Farm Attacks

4. Guarding Services

Kasselman Security Services offers guarding services as per request. Guards are placed at retail, industrial and residential premises as per contract agreement or when needed during emergencies.

They are monitored frequently and have direct contact with our control room in case they suspect abnormal activities.

5. NoJack Vehicle Tracking (Anti Hijacking Unit)

100% Recovery Rate!

Kasselman Security Services is a local service provider for NoJack Vehicle Tracking.

It is NoJack's top priority to offer clients the best stolen vehicle recovery solutions possible because we know that no two customers are exactly alike and that is why NoJack has tailor created a number of vehicle tracking options made to suit the every need of a number of clients in a variety of industries.

It matters to us how well we do what we do.

19. PTZ Cameras

pan-tilt-zoom camera

PTZ cameras can be an essential part of modern surveillance systems. They can direct the attention to suspicious events. One method of surveillance with such cameras is based on master cameras monitoring a wide area that provide information so the PTZ camera can pan and tilt to the required position and observe and follow target movements.

This movements are monitored by our 24/7 control room.

20. Spitfire Hill Self Storage

Kasselman Security Services offers self-storage facilities just outside of town.
